Popeye the Sailor Man

Do you like watching cartoons? If yes, then you surely have seen this guy in the TV channel Cartoon Network. His name is Popeye. The skinny guy popeye loves his girlfriend. Her name is Olive. Olive loves Popeye as well, but there is a bad guy whose name is Bluto who always trouble Olive. Bluto is thicker and stronger than Popeye because of which Popeye cannot beat Bluto with his normal power.

In the cartoon, it is shown that Popeye gets his super natural powers when he eats spinach. Spinach is a green vegetable that has wide, dark green leaves that are eaten cooked or raw. When he eats spinach, he becomes stronger than bluto and can beats bluto.

60 minutes of Activity

There are tons of ways to stay active and healthy.

Here's my plan to start building toward 60 minutes or more of physical activity a day!

I'm going to

_____ for _____ minutes/day

_____ for _____ minutes/day

_____ for _____ minutes/day

KEYS TO 60 MINUTES OR MORE OF PHYSICAL ACTIVITY A DAY

- **Start Small**—Work your way up to 60 minutes a day! Break up your activity into 5- or 10-minute chunks and add a few minutes each day until you reach 60 minutes total.
- **Grab a Buddy**—Be active with a friend or family member!
- **Mix It Up**—Try different games and activities to keep it interesting.

IDEAS TO FIT IN YOUR PHYSICAL ACTIVITY FOR THE DAY!

• Walk or bike to/from school.	15 minutes
• Move and play during recess.	15 minutes
• Work hard and stay moving in PE class.	20 minutes
• Ride your bike or walk the dog or dance in your room to music after school.	10 minutes
• Make up your own way to stay active!	10 minutes

That's 70 minutes
TOTAL—you
reached your
goal and more!!

1 minute Workout

Now it is time to do some workout. Wait, you do not need to go outside to do this workout. You can stay in class and do it. In this exercise, you have to stay in your place and move your hands and legs as if you are jogging for 1 minute. See your clock. If you don't have one, you can look at the wall clock which is in your classroom.

Types of Family

1) Small Family

The small family is the traditional type of family structure. This family type consists of two parents and children. The nuclear family was long held in esteem by society as

being the ideal in which to raise children. Children in nuclear families receive strength and stability from the two-parent structure and generally have more opportunities due to the financial ease of two adults.

2) Large Family

The large family structure consists of two or more adults who are related, either by blood or marriage, living in the same home. This family includes many relatives living together and working toward common goals, such as raising the children and keeping up with the household duties. Many large families include cousins, aunts or uncles and grandparents living together.

Baseball

Baseball is a bat-and-ball game played between two opposing teams who take turns batting and fielding.

Basketball

Basketball is a team sport in which two teams, most commonly of five players each, opposing one another on a rectangular court, compete with the primary objective of shooting a basketball through the defender's hoop while preventing the opposing team from shooting through their own hoop.

American Football

American football, referred to as football in the United States and Canada and also known as gridiron, is a team sport played by two teams of eleven players on a rectangular field with goalposts at each end.

Soccer

Soccer is a team sport played with a spherical ball between two teams of eleven players. The game is played on a rectangular field called a pitch with a goal at each end. The object of the game is to score by moving the ball beyond the goal line into the opposing goal.

Badminton

Badminton is a racquet sport played using racquets to hit a shuttlecock across a net.
